# IAJES Site Proposal

Anisha Malani, Isabelle Hu, Nicolas Gibson

## Features

	Feature	Description	Difficulty	Impact	Status
1	Admin Access: 4 Access Levels	<p>1. <b>Superadmin</b> a person (or persons) that is in charge of and oversees the website as a whole. Manages any large-scale problems (security). Can send out newsletters.</p> <p>2. <b>Website Manager</b> (newly added) a technical person to modify critical things on the website. Has to be able to change code. Would be able to change the non-task force pages if needed.</p> <p>3. <b>Task Force Admin</b> Should be able to edit their own pages. These task forces often have people who are not as technical, so it must be as easy as possible (even easier than google sites).</p> <p>4. <b>Members</b> (#2 Login System) people who create an account and can connect with other people</p> <p>(5. <b>general public</b>) Anyone not logged in on the website</p>	Hard ▾	High ▾	— ▾
2	Login System	<p>A “signup” and “login” button allows IAJES members to become a member. Signup is restricted to all emails with a specific domain. (all Jesuit schools have a specific domain at the end of their email.)</p> <p>Asks for:</p> <ul style="list-style-type: none"><li>• email</li><li>• password</li><li>• (phone number?)</li><li>• profile picture</li><li>• <i>Demographics</i>:<ul style="list-style-type: none"><li>○ full name</li><li>○ school (if student? see Carlos’ flowchart)</li><li>○ major (if student? see Carlos’ flowchart)</li></ul></li></ul>	Hard ▾	— ▾	— ▾

## Notes

### (8.18.25 Meeting w/ Allan, Raul, Carlos, Silvia, Isabelle, Anisha, Nicolas)

- Possible addition of the integration of the map of associated IAJES schools (is on the IAJES website, currently not working)
- More concise wording would be helpful
- Profile of whoever would be the Superadmin
- Next Steps:
  - Carlos and Raul are going to play with the Figma Prototype and give the team feedback and input when they are able (8/28/25 1pm Meeting to discuss)

### (8.1.25 Meeting w/ Allan, Raul, Carlos, Silvia, Isabelle, Anisha, Nicolas)

- RG: Maybe a fifth role? Someone who can update the other sections of the site (and IAJES newsletter), other than the task forces.
  - *Added in the form of "Website Manager"*
- Next Steps:
  - Wireframe: Simple Figma of current pages
    - focus on the features, not on design right now.
  - Note: IAJES Branding is limited to the logo & what the current website looks like
    - Possibility: Propose IAJES Branding during the summer

### (7.30.25 Meeting w/ Silvia, Isabelle, Anisha, Nicolas)

- We are agreed on Justin Fan
  - Anisha will contact him and try to bring him up to speed on what we are doing
    - *(Anisha, let us know if you need us to help introduce him to the project!)*
- Silvia has a CS person that can always jump in and help that is willing to help
  - She will be a part of the group but is not replacing Justin
- Who We Are (Landing Page), What We Do (and its sub-pages), and Biennial and Regional Meetings are only editable by code. (~~Superadmins?~~) (Website Managers)
  - Only Task Force pages are editable through the input boxes system. (Task Force Admins)

Make sure to ask Carlos & Raul:

- Who should be able to add things to the newsletter? Task Force Admins, Website Managers, Superadmins?
  -

- Should each profile page just have an email link (that Members can allow or disallow the general public to see), or should there be a contact form (also can be enabled or disabled) that allows the General Public to email them without seeing their email (until the Member replies).
- Do we want translation? If so, for what languages? Should we rely on an automatic tool like google translate, or translate manually?
